

What an amazing year for the Lifeplus Foundation!

In 2016 we...

Grew.

Because of your generosity we more than tripled our individual and corporate donations.

Cared.

We came together with big hearts and team spirit to change lives.

Kudos to Jeremy Stevens, a top individual fundraiser who ran a half-marathon on behalf of the children of Kiluta, Kenya.

Offered hope.

For 2,000 Kenyan children who now have water in their schools, doors have opened and hope has been restored.

Helped.

We more than doubled our giving and funded projects that serve another 5,000, bringing the total to 15,000 people who now have clean, safe, life-giving water.

For The Lifeplus Foundation, 2016 was a year of growth, compassion, teamwork, and impact.

And YOU are a part of our story.

Thank you.

In 2017...

The Lifeplus Foundation is traveling to Kenya!

We'll kick off 2017 with a trip to Kenya to visit some of the finished water projects we've funded in Kiluta. A small Lifeplus Foundation team will take to the road to meet the students of the remote Ndwaani Primary School, where water is now flowing strong and clean.

We'll also visit the nearby Lifeplus Foundation sand dam that provides clean water to the local communities. We are honored to be able to meet some of the people whose lives have been changed by the sand dam and now have ongoing safe water. We can't wait to share their stories with you!
